Warning and protection profiles

By both visibly marking and softly rounding off angular and sharp edges, you can reduce the risk of injury and also protect shelves, walls and machines from damage. The flexible caution and protection profiles are ideal for indoor applications and can be used to mark hazardous areas as well as reduce the severity of knocks and bumps.

- Profiles can be shortened to the desired length using a sharp knife
- Colour similar to RAL 1004/9003 signal yellow/signal black
- Fire tested according to DIN EN 13501-1 class E
- Temperature resistant from -30 °C to +70 °C
- Profile length: 1 m

Corner and surface protection profiles
Ideal for use in production facilities, dispatch and warehouses, basements, stairways, garages, on walls and beams, shelves and cupboards as well as on machines, storage trolleys, etc. Mark hazardous areas, protect surfaces, walls and reduce knocks and bumps.

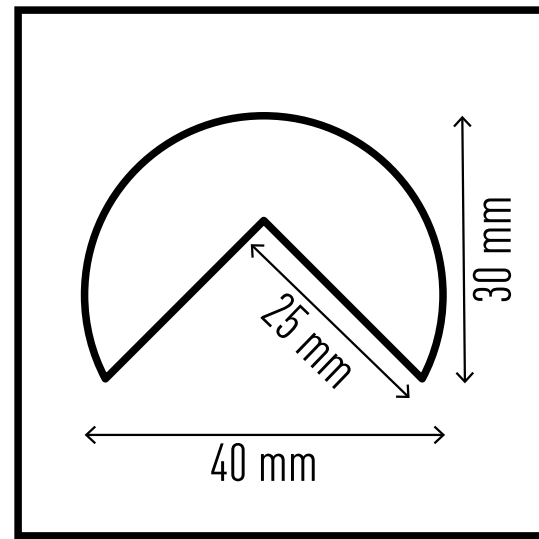

Pipe protection profile
Suitable for pipes or conduits 20–40 mm in diameter that, for structural reasons, are placed near walkways. Ideal for use in production facilities, dispatch and warehouses, stairways or narrow areas such as basements or garages with low entrances, etc. Mark hazardous areas, protects pipes and conduits and reduces the severity of knocks and bumps.

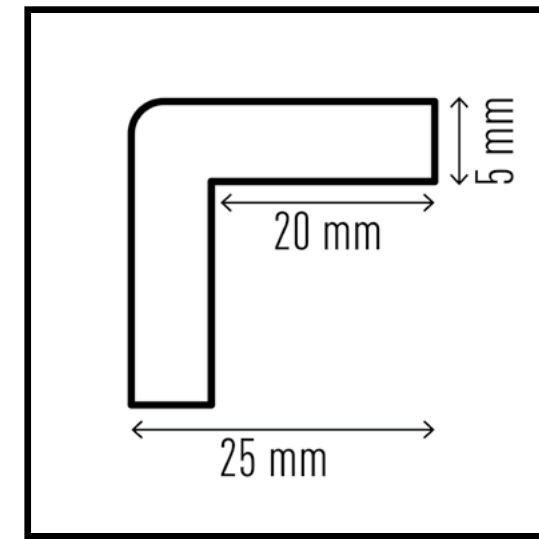

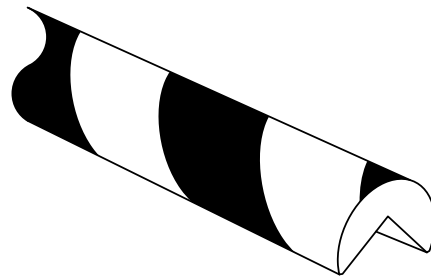

Edge protection profiles
Ideal for protecting shelves, abutting edges, t-beams, etc. in production facilities, dispatch and warehouses, basements, stairways and garages. Marks hazardous areas, reduces the severity of knocks and bumps, and prevents damage to vehicles and transport trolleys.

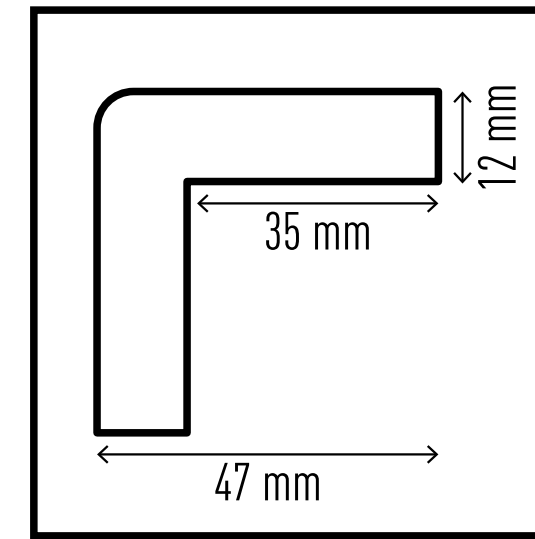

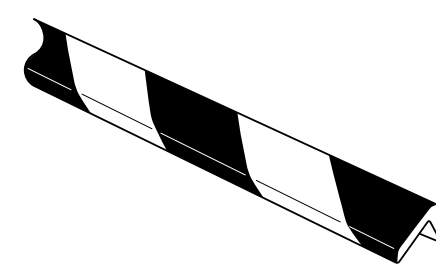

Product	Item no.	Colour	Packaging
Corner protection profile C25R self-adhesive	1100	130 yellow/black	5 per pack
Corner protection profile C20 self-adhesive	1101	130 yellow/black	5 per pack
Corner protection profile C35 self-adhesive	1102	130 yellow/black	5 per pack
Corner protection profile C25R magnetic	1110	130 yellow/black	5 per pack
Corner protection profile C20 magnetic	1111	130 yellow/black	5 per pack
Corner protection profile C35 magnetic	1112	130 yellow/black	5 per pack
Surface protection profile S10	1107	130 yellow/black	5 per pack
Surface protection profile S20	1108	130 yellow/black	5 per pack
Surface protection profile S32R	1109	130 yellow/black	5 per pack
Pipe protection profile P30	1115	130 yellow/black	5 per pack
Edge protection profile E8R	1126	130 yellow/black	5 per pack
Edge protection profile E8	1127	130 yellow/black	5 per pack
